

The Bridge Clues web site <http://www.bridgeclues.com/> by Mike Lawrence and Anne Lund provides bridge puzzle type entertainment while giving clues for improving your bridge game.

Each day Bridge Clues features three puzzles by Mike Lawrence: one on bidding and one on play of the hand with a step by step analysis, as well as, one of Lawrence's Flash Card puzzles.

This site is fun, quick and always informative, but the site has no archive of past puzzles ... bridge puzzles change daily. If you have a hand next week and remember Bridge Clues featured a hand on the topic you cannot go back and look it up.
